STAT

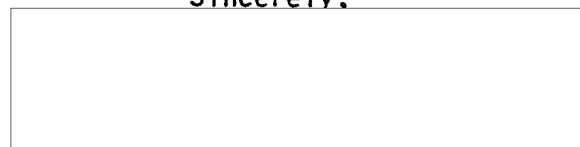

Mr. Casey has asked me to reply to your request for map support. My Map Library personnel have selected page-size maps that would be appropriate to serve as covers. If you determine that maps of a larger size are needed, we can provide those as well.

Enclosed are five copies each of three different page-size versions of maps of Eastern Europe (503632, 504882, and 701500) and five copies of two page-size maps of the Soviet Union (505815 and 505816). A larger size map of the Soviet Union showing administrative divisions is also enclosed (800017). We have no maps showing Western Europe only but are enclosing five copies of a page-size map of Europe (504967).

If I can be of further assistance, please let me know.

Sincerely,

STAT

Richard J. Kerr  
Associate Deputy Director for Intelligence
